PROFESSIONAL PROFILE

Front-end software engineer with a specialty in **accessibility**. Strong foundational knowledge of the web platform, with significant experience in many of the most popular frameworks (e.g. **React**, **Vue**, **Ember**) while also being able to comfortably work in legacy codebases (e.g. **jQuery**), or build bespoke solutions from scratch. Love to learn and share knowledge via: kind and thorough **code reviews**, detailed **documentation**, mob programming sessions, **mentoring** junior engineers, and **technical presentations**.

EXPERIENCE

SENIOR SOFTWARE ENGINEER

Olo Inc. / New York, NY (Remote) / 2020–2025

TypeScript React Web Components Ember C#

- Developed and supported Olo's white-label ordering site (Serve) used by hundreds of large national brands serving millions of guests
- Established a comprehensive accessibility process in order to identify and address hundreds of accessibility issues in legacy products
- Collaborated with a fully remote international team
- Conducted dozens of interviews
- Authored and presented technical presentations on a wide range of subjects
- Front- and back-end contributions to more features and products than can reasonably be listed here including: a custom CMS, support for single-use products, migration of Serve from Ember to React, an overhaul of Serve's theming capabilities, Olo's in house design system, and many many more

SENIOR FRONT-END DEVELOPER

TreeTop Commons / Portland, OR (Remote) / 2019

TypeScript React HTML Sass

- Updated legacy codebase to React
- Assisted with accessibility improvements and training
- Mentored teammates and provided detailed code reviews

SENIOR DEVELOPER

GeekHive / Warwick, NY (Hybrid Remote) / 2011–2019

TypeScript React C# Sitecore Vue jQuery

- Built bespoke solutions for dozens of enterprise brand clients using a wide variety of technologies
- Developed and led training sessions for Sitecore CMS
- Developed and maintained a custom framework for Sitecore CMS
- Designed the primary workflow used for all development projects
